

Additional Instructions for mailing your package

- Ensure that there are no other tracking labels attached to your package. If you are shipping a non-hazardous item, completely remove or cover any hazardous materials markings.
- Affix the mailing label using clear plastic shipping tape over the entire label and squarely onto the address side of the parcel, covering up any previous delivery address and barcode without overlapping any adjacent side.
- Take this package to a UPS location. To find your closest UPS location, visit the UPS [Drop Off Locator](#) or go to www.ups.com.

Instructions from Gave

- We accept returns within 30 days. All returned items must be in the original, undamaged manufacturer's packaging with all packaging materials, including instruction booklets, packing inserts, and any included paperwork.

Return shipping is paid by the buyer; we cannot offer any refunds or reimbursement for shipping expenses. If you refuse your delivery, the carrier will charge us for shipping both ways, these expenses accrued on your behalf will to be deducted from your refund. All refused and undeliverable returns are subject to additional restocking fees. In some situations, buyers could be responsible for return shipping and any restocking fees that might be applicable. This amount can be deducted from their refund.

****Packages damaged in transit must be reported within 3 days from the date of delivery.**

Use a carrier of your choice, it is highly recommended to choose one that can track the progress of the package to its destination. It is also recommended to insure the package and request signature upon delivery.

Make sure to send everything back and that the item(s) is/are in the original condition as it was received by you; all original boxes and packaging, books or manuals that were included, any accessories that were included, etc.

Please leave a note in the box with your order ID and reason for the return.

Please clearly write the RMA Number on the outside of the shipping box, do not write on, place stickers or labels on or deface the manufacture box in any way.

Please make sure to use an outer box when sending the items back. Secure the contents inside the box with proper packaging material (air bubbles, peanuts, packing foam) so the contents will not shift around during transit and damage the items inside.

****For computers, laptops, phones, smart watches, tablets and all other linkable items, these items must be unlinked from your account and any passwords should be removed prior to sending the item back. Any device returned with a password lock will be refused.**

****We keep a log of serial numbers, if your returned item serial # does not match the original item shipped, your return will be refused.**

If the item(s) appears to be opened, used or if the manufacturers seal is not intact, the order will be charged a minimum of 20% restocking fee. The restocking fees applied to returned orders will be deducted from the refund. The fee is determined after inspection by the Returns Department. If the item is damaged and does not comply with return standards as per our store policy and in compliance with Marketplace policies, we reserve the right to refuse the return. In special cases (the unit is returned in a materially different condition, missing items, damaged, the restocking fee can be raised up to 50%.) In cases with a defective unit, the fee can be waived by the Returns Department if the inspection verifies the unit was defective initially and not from customer mishandling.
